Ripans Chemical Company, No. 10 Spruce st. New York. Sample vial. 10 cents.

Advantages of Archdiocesan Unions" and "Young Men and True Culture."

Probably one of the most important matters coming before the convention is the amalgamation of the Catholic National Union and the Young Men's Institute. The union's stronghold is in the East, while the institute is mainly a Western organization, having started in California ten years ago. Efforts to bring about such a consoil dation have been going on for some time, but as the institute has always adhered to the secret society customs of the grip and the password, they have always ended in failure.

The committee into whose bands the matter was given at St. Louis a year ago, will report at this session. It is composed of John O'Connor of Boston, and C. A. Web-
